

Sinking Ant

Submitted by Bob Jones

Materials listed in the order used in tying.

Hook: Mustad 94840 size 10 (or similar), pinch barb down

Bead Head: Cyclops 1/8 inch brown/olive (Wapsi)

Thread: black 6/0

Body: small black yarn, wrapped double in the head region

Hackle: brown (or black), wrapped four times behind the BH

Comments: introduced to Bob back in the 50s by two fishermen he had a chance meeting with at Kaiser Lake when it was an excellent bluegill lake. He ran into these same fishermen in the 60s at Stonelick Lake when it was an excellent bluegill lake.

Guaranteed by panfish master Bob Jones to catch bluegills! Fish it on a 5X 7 ½ ft. leader. Retrieve it slowly.

Species caught: bluegills
